

Electronics & Communication Engineer

Dear Sir;

It's a big honor for me to just apply to compete on taking your opportunity to be a part of your team.

Who am I?..

- *Mohamed Khaled Mohamed Ghaly*
- *Bachelor of Electronics and Electrical Communication Engineering*
- *Fresh graduate with a quite number of practical training with many major companies*
- *A communication engineer with very good engineering, computer, and language skills*
- *More details attached on my CV*

Ways to contact:

- *Home address : 151 Port Said St. - Elsayda Zaynab - Cairo*
- *Mobile no : +201140808264
+201008114149*
- *Emails : eng.mk_ghaly@yahoo.com
eng.mk_ghaly@hotmail.com*

Personal Information:

Name : *Mohamed Khaled Mohamed Ghaly*
Date of birth : *28/07/1989*
Address : *151 Port Said St. - Elsayda Zaynab - Cairo*
Marital Status : *Single*
Nationality : *Egyptian*
Religion : *Muslim*
Military service : *Exemption*
Phone number : *+201140808264 - +201008114149*
E-mail address : *eng.mk_ghaly@hotmail.com*
eng.mk_ghaly@yahoo.com

Education

- *Secondary school in 2006 (90%) (El-khedewaya Military High School)*
- *Bachelor of Electronics and electrical communication engineering in 2011 (good) (EL Shorouk Academy)*

Graduation project

It was about making control remotely on a device – which was a robot on my project – using wireless communication, network communication, and mobile communication.

It has a lot of applications:

- *You can control your home remotely insist of the robot*
- *Used in spying for military applications*
- *Adding the suitable tools makes the robot can be used in digging applications*
- *Remote maintenance for any huge instrument*

Relevant Experience

- ***In electronics field: (studying projects)***
 - *Designing light and fire alarm systems*
 - *Designing wireless intercom system*
 - *Designing logic circuits (Digital clock, Calculator,...etc.)*
 - *Good ORCADE designer*
 - *Passed Microcontroller course (Level 1 & Level 2) with very good*
 - *Training at **Banha Electronics Company** form 6/7/2008 to 24/7/2008*
- ***In computer network & telephone network & wireless communication***
 - *Training at **NBE (National Bank Of Egypt)** 07/2007 & 08/2007*
 - *Training at **GUPCO** from 07/09/2008 to 18/09/2008*
 - *Training at **SUCO** from 03/08/2009 to 10/08/2009*
 - *Training at **GUPCO** from 28/08/2009 to 03/09/2009*
 - *Training at **PETROBEL** from 17/07/2010 to 24/07/2010*
 - *Training at **GUPCO** from 25/07/2010 to 05/08/2010*
 - *CCNA certified (by 12-2011)*
- ***In Robotics.***
 - *Participate in ROBOCON 2009*
 - *Graduation project*

Skills

- ***Computer skills***
 - *Good to deal with windows operating systems (XP, VISTA, Seven)*
 - *Good to deal with Microsoft Office programs (Office XP, Office 2003, Office 2007, Office 2010)*
 - *Good to deal with Internet (searching , Updating my knowledge)*
 - *Good to deal with computer hardware*

- *Language skills*

- *Arabic* : *Mother tongue*
- *English* : *passed level 9 with **Very Good** degree*

- *Human skills*

- *Creative mind*
- *Engineering analytical thinking*
- *Leadership ability (Graduation project leader)*
- *The ability to finish the Long-duration tasks in unexpected time*
- *The ability to communicate with the others with full respect to the old experienced employees*
- *The ability to work in a team*
- *The ability to work individually*
- *Skill is something that can be gained but not for anyone, just those who are prepared for it, and I'm good in that*

Objective

*As any fresh graduate engineer I wish to start my career life; **But** what made me apply for this job **specifically**, what I have touched in my graduation project from feeling great in working in the field of this job.*

Hobbies

Writing poetry, playing Squash, travelling.
